

# VALUE-ADDED PRODUCER GRANT WEBINAR

Are you a farmer selling your own product and interested in adding value to your commodity? Then the USDA's Value Added Producer Grant may provide up to \$250,000 toward that value-added project. Interested in applying for a Value-Added Producer Grant?

Not sure if your business is eligible? Please join ACRE, Matson Consulting, SCORE, and USDA Rural Development for an informative webinar covering all aspects of applying for the VAPG. We will cover what qualifies and what doesn't as a value-added process, application and supporting document requirements, matching funds, how you can spend the funds and more.

**January 7, 2021 • 3:00 – 4:00 PM**

**RSVP to Kyle Player at [kplayer@scda.sc.gov](mailto:kplayer@scda.sc.gov) to receive the Zoom meeting link.**
